Conference Room Connector

zoom

Connect standards-based room systems to the Zoom Cloud

Extend a consistent, cloud-based experience across your Cisco, Polycom, and other room systems

Interoperate with any SIP or H.323 endpoint

Enable SIP or H.323 room systems to communicate and connect with desktop, tablet, mobile devices, Zoom Rooms, and other endpoints.

Centralize conference room management

View the status of all your conference rooms and manage them from a single admin console.

One-touch to start a meeting for Polycom and Cisco endpoints

Simplify your Polycom or Cisco room systems with easy one touch to start or join your Zoom meeting.

+ Bring high quality cloud-based video, audio, and web conferencing to your existing rooms

+ Present content wirelessly from your laptop or mobile device

+ Support 1080p content and video streams on up to two displays

+ Customize video layout options with gallery view, full screen, and active speaker view

> "Zoom makes it nice and easy to get onto a quick call. Even in our original conference rooms, Zoom Conference Room Connector allows employees to enter into a meeting using the Zoom ID"

Fabian Bellino
Technology Consultant Manager

REA Group

Polycom native integration

Zoom and Polycom have partnered to provide a native integration for Polycom Debut and Group Series room systems.

Cisco native integration

Zoom provides native integrations for Cisco C, SX, DX, MX Series as well as the Cisco Webex Room Kit (previously Spark Room).

No additional hardware or controller required

Leverage your existing investment and connect up to 500 video participants or 10,000 view-only attendees on a Zoom Meeting or Video Webinar

Calendar integration

Office 365, Exchange, and Google calendar integrations support room booking, room status, upcoming meetings list, and more.

As part of Zoom Conference Room Solutions, take advantage of the following offerings.

With a minimum of one Zoom Rooms license, enable unlimited Digital Signage and Scheduling Displays as value-added services for no additional cost.

Digital Signage

Utilize an unlimited number of in-room or standalone displays for corporate communications, internal marketing, and more across multiple offices and departments.

Scheduling Display

End scheduling headaches with a beautiful display that provides room availability, check-in for utilization management, and capabilities to book a meeting for any available time of that day.

Scheduling Display provides room status and booking capabilities.

Start the journey towards resource consolidation and video expansion.
